ELKAY®

Discover the
professional's choice.™

Tradition. Vision. Conviction.

Elkay was founded as a small sink manufacturing company on the North side of Chicago. We have grown significantly from these humble beginnings, but our dedication to making innovative products and exceptional customer service remains the same.

Today, Elkay is a leading manufacturer of stainless steel sinks, faucets, water coolers, drinking fountains and bottle filling stations, delivering unprecedented levels of style and function to plumbing professionals.

We are driven by core values that have evolved since 1920, values that are reflected in every product we manufacture, and our conviction to provide total satisfaction to every customer, every day.

American Pride. A Lifetime Tradition.

Like your family, the Elkay family has values and traditions that endure. For almost a century, Elkay has been an American-owned and operated company, providing thousands of jobs that support our families and communities. We are proud to say ELKAY USA.
