

A Safe Neutral Detergent Spotter

Fresh Spot is an emulsifying, neutral, nonionic detergent effective on fresh accidents such as animal and beverage stains, some dyes, clay, dirt, feces, food, fruit juices, ice cream, washable inks and liquors and all residue remaining from the use of dry solvent soluble spots and stains. **Fresh Spot** is a super, all purpose spotter.

Animal Accidents
Fruit Juice
Liquor

Beverages
Ice Cream
Feces

DIRECTIONS FOR USE Shake well before using. Test fabric in inconspicuous place for color fastness before using.

1. Apply clean water to spot
2. Apply **Fresh Spot** and blot and absorb with clean white towel.
3. Rinse with clean water and blot after spot or stain has been removed.
4. Repeat if necessary.
4. Dry by blotting with a clean white towel, place a non-bleeding weight on towel to help wick stain into towel.
5. Allow to dry.
